Response to FEC letter 3/15/06 re: Amended June Monthly Report (5/1/05 - 5/31/05) received 12/20/05

As indicated on the last page of the amended report, we had to amend the original report to reflect (1) Several electronic/automatic disbursements made by EFT from our bank account that our accountant overlooked in our original report (Paychex Payroll Processing fees, Merchants Bankcard Credit card Processing fees, Guardian Insurance), (2) a check that was overlooked in the initial report (J. Kauppi- writing services), and (3) revision to report to reflect transfers of excess contributions from our Federal account to our State account that we incorrectly reported in the initial report. Our internal processes have been changed to prevent overlooking such transactions in the future and reporting excess contribution transfers correctly.
